

GRANT APPLICATION N°15

Deadline: **Monday March 22nd, 2021 (18:00 a.m.)** to projet@finovi.org

Collaborative research projects

The call for applications #15 of Finovi will be supporting collaborative projects displaying :

- **biochemical and biophysical approaches targeting the identification, at a molecular level, of the specificities of SRAS-CoV2 in order to understand its pathogenicity.**
- **Projects/studies allowing for identification of determinants or factors associated with complications from SRAS-CoV-2 infections.**

TITLE:

Keywords (5):

SUMMARY OF THE PROJECT (context, objectives, expected results):

PROJECT COORDINATOR:

Name:
E-mail:
Phone number:
Title:
Laboratory:
Publications (Top 10):

I. RESEARCH PROJECT

(3.500 words maximum, excluding references)

Only the first 3 500 words will be submitted to reviewers.

A. Context and Objectives

B. Research program and methodology

C. Adequacy with FINOVI objectives

C.1. Importance with respect to infectious diseases and SRAS-CoV2

C.2 Novelty of the project (Describe here what distinguishes your project with respect to current international research on the subject or what is the possible application of your work to pathogenesis, the prevention, the diagnosis or the treatment of infectious diseases).

C.3. Multidisciplinarity and interest for other disciplines

C.4. Interfaces between regional teams and institutes

C.5. Schedule of project milestones over two years

II. PARTICIPATING TEAMS (for collaborative project only)

(1 page maximum)

A minimum of 30 % of full-time equivalent of the main coordinator is required

Team 1:

- Project manager for this project:
- Title:

- Laboratory:
- Team head:
- List of participating persons (indicate PhD student, Post-doc, senior scientist...):

Team 2:

- Project manager for this project:
- Title:

- Laboratory:
- Team head:
- List of participating persons (indicate PhD student, Post-doc, senior scientist...):

Team 3:

- Project manager for this project:
- Title:

- Laboratory:
- Team head:
- List of participating persons (indicate PhD student, Post-doc, senior scientist...):

III. BUDGET

(1 page maximum)

A. *Expenses description*

	Year 1 (k€)	Year 2 (k€)
Operating Costs		
- Consumables		
- Small Equipments		
- Service expenses		
Salary (for collaborative project)*		
Others		
TOTAL		

- Except salary for PhD student or doctoral student

B. *Other supports related to the project*

	Name of the person participant in the project	Project name, Financing institution, Grant allocated or requested	Project title	Coordinator name	Start & end dates
FINOVI					
REGION					
ANR					
CLARA					
OTHERS					

IV. CURRICULUM VITAE only for Start-up support to recently appointed young scientists

PERSONAL DETAILS (*Name, first name, nationality, date of birth...*)

EDUCATION & QUALIFICATION

RESEARCH POSITIONS

- Current position (arrival date in the Auvergne-Rhône-Alpes Region, name of the laboratory,)
- Previous positions
